

LogTag[®] Recorders

Software Validation Certificate

This certificate covers

LogTag[®] Analyzer 3.1 release 1

The above software is available from LogTag Recorders Ltd.

This software has undergone extensive and thorough module and regression testing, which covers all software functions including installation, user interface, recorder configuring, recorder download and all data handling functions including data transfer.

All data values reported by this software have been verified to be correct and meet all published performance specifications.

This software has been tested for use on the following Microsoft[®] operating systems with all service packs and critical updates installed up to 1st September 2018:-

- Windows 7 (32-bit/64-bit)
- Windows 8.1 (32-bit/64-bit)
- Windows 10 (32-bit/64-bit)

Following operating system has not undergone full testing. It is generally expected to work, we recommend, however, that you perform your own validation testing prior to deployment in critical applications.

- Windows 8 (32-bit/64-bit)
